

# James (Jim) Blinn

Cristian Lambru: 2025-26

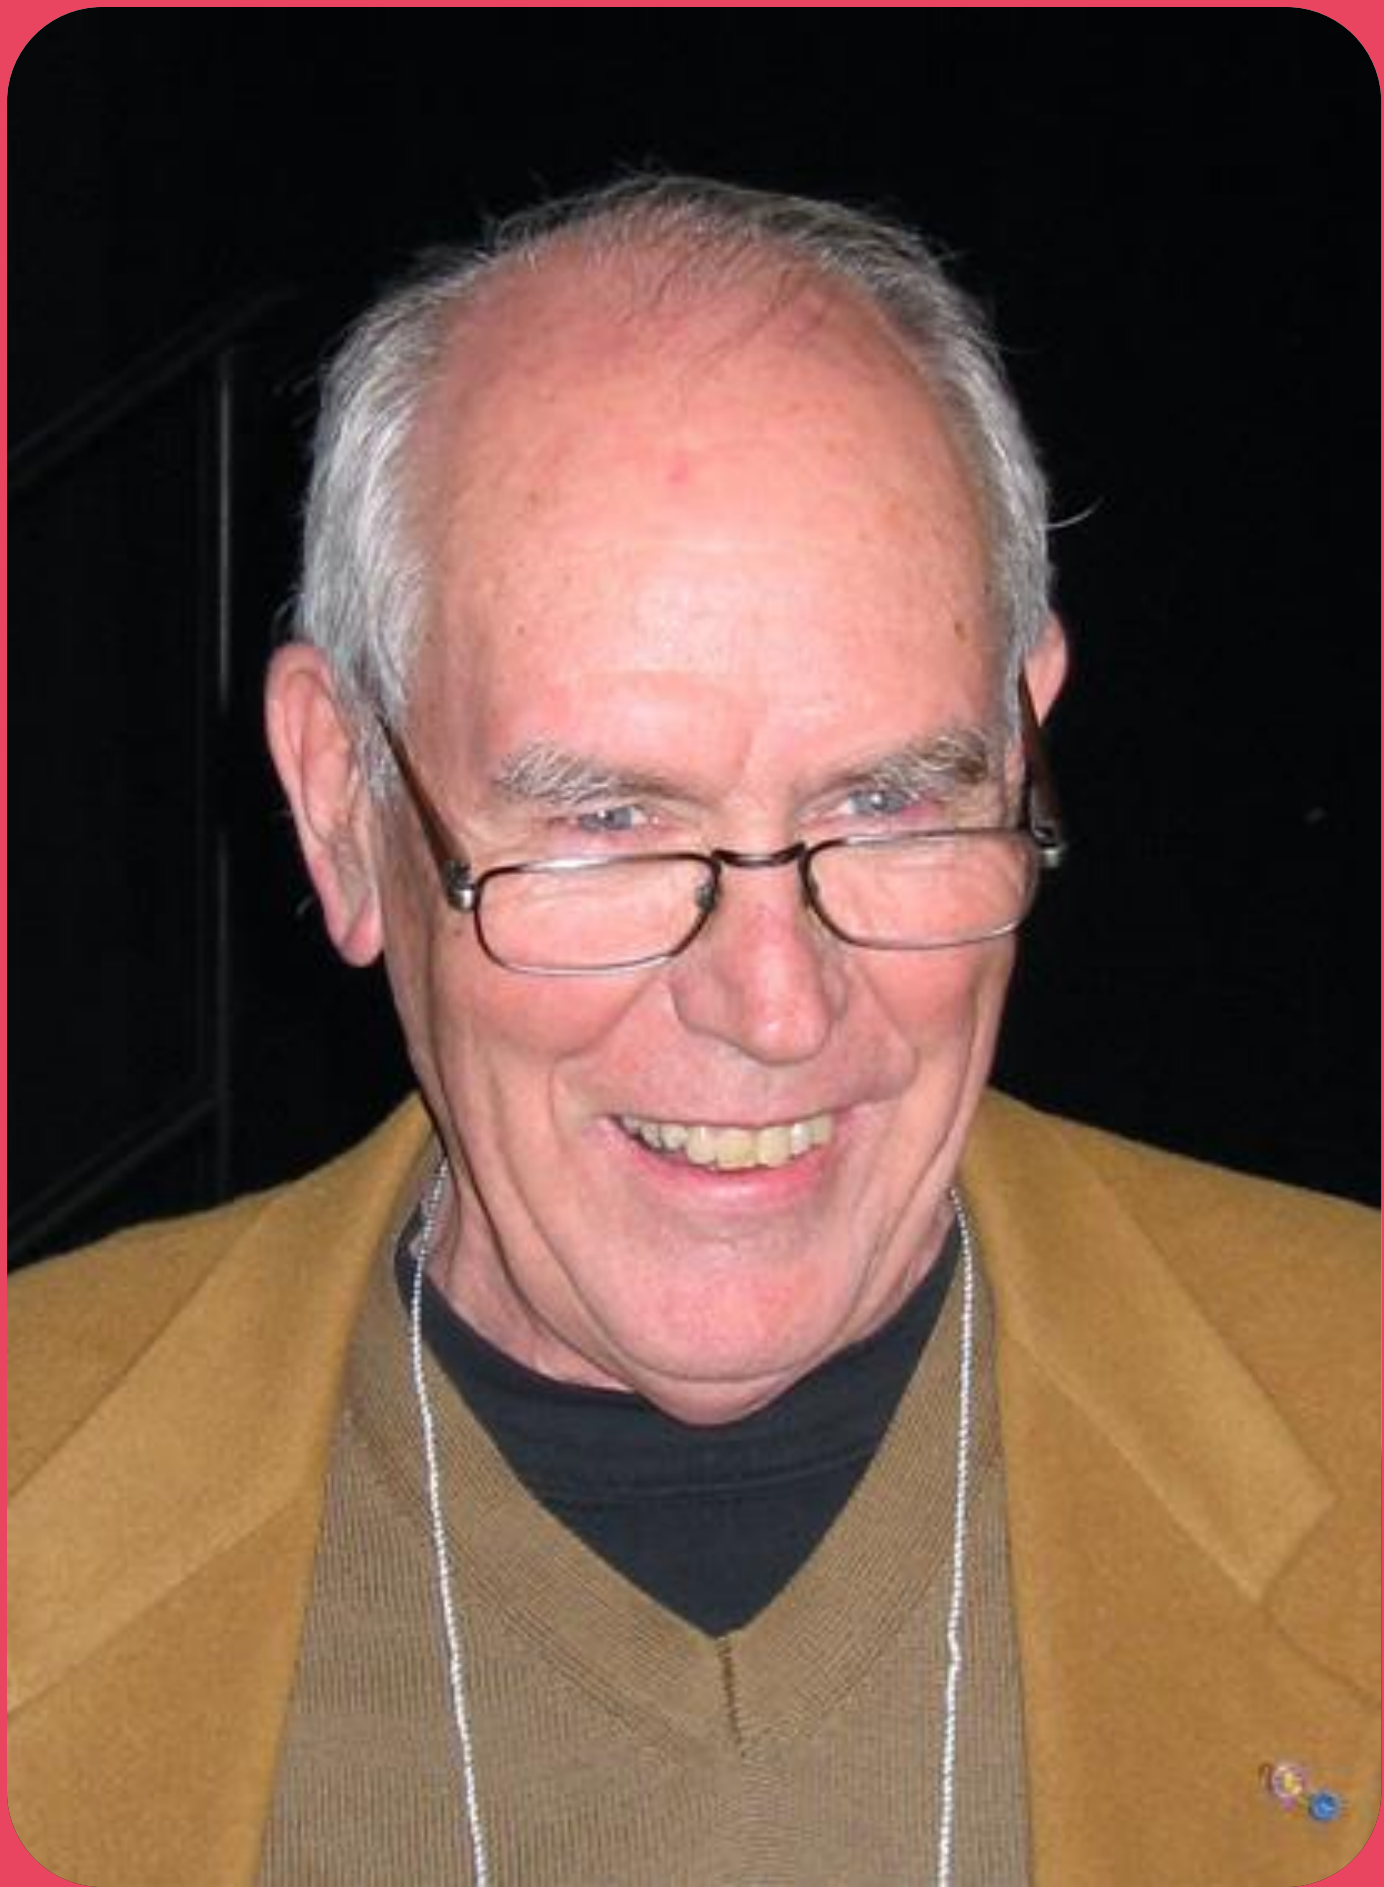

# Scurtă bibliografie

- Este unul dintre pionierii programării graficii;
- S-a născut în anul 1949 - are **76-77 de ani** și trăiește în SUA;
- A obținut titlul de doctor la Universitatea din Utah în anul 1978 cu teza de doctorat cu titlul „***Computer display of curved surfaces***”;

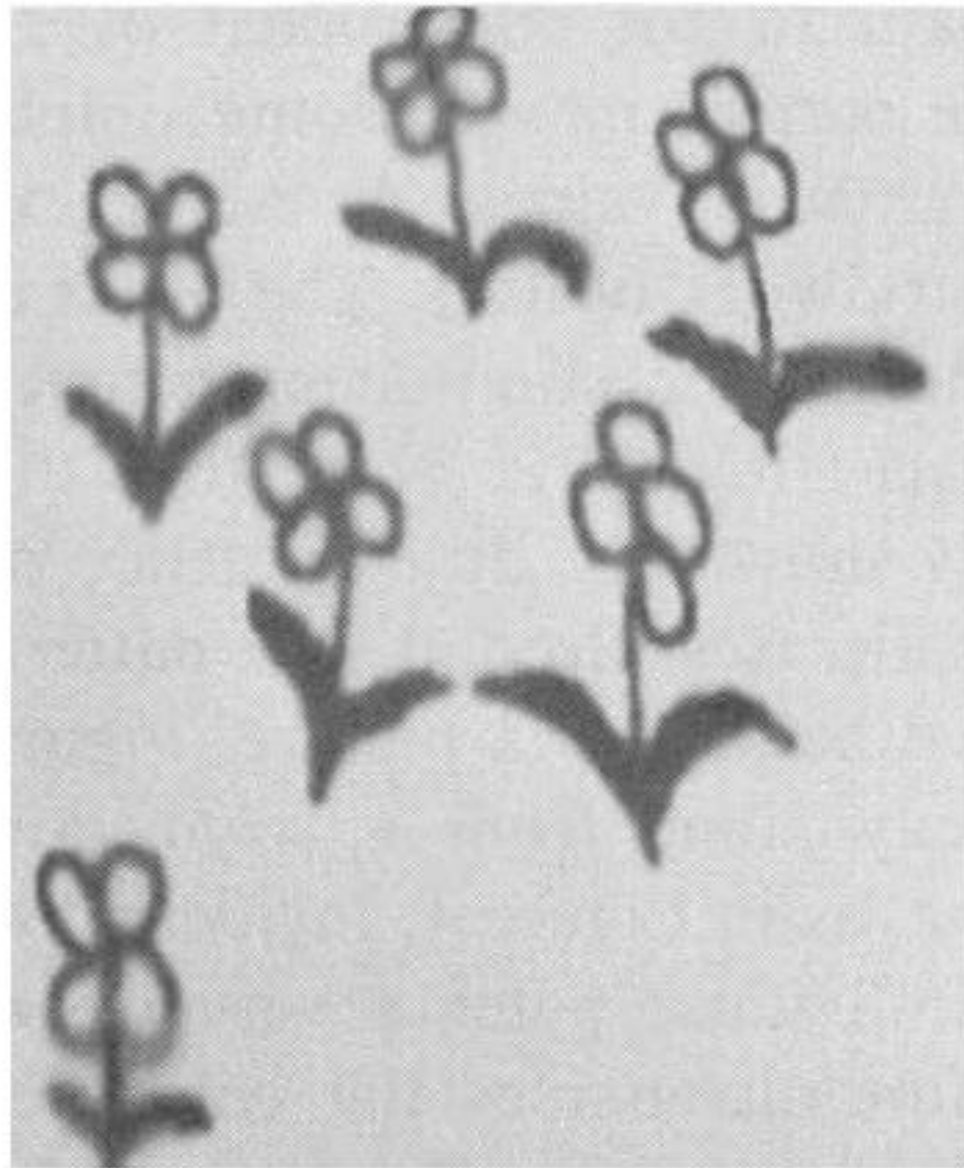

# Relația cu Ivan Sutherland

- James Blinn i-a fost propus pentru **coordonarea studiilor doctorale** lui Ivan Sutherland în anul 1974;
- **Nu s-a realizat colaborarea**, deoarece Ivan Sutherland a părăsit Universitatea din Utah în acel an;
- Cu toate acestea, ani mai târziu, Sutherland avea să declare:

*„Sunt cam o duzină de oameni importanți în domeniul programării graficii pe calculator, iar Jim Blinn reprezintă cam 6 din ei.”*
